

TEXAS DEPARTMENT OF TRANSPORTATION

IH 30 Construction in Texarkana – Eastbound Frontage Road Atlanta District Construction Update

Beginning April 24, 2024, 8 PM until 6 AM, the Contractor will be working to do repairs at the westbound I-30/I-369/US 59 interchange. This nighttime work requires closing the outside lane of I-30 from approximately Mile 222 (between FM 1397/Summerhill Road and Cowhorn Creek) to Mile 220 (between University and FM 989/Kings Highway). The I-30 West to I-369/US 59 South ramps will be closed. Traffic traveling to I-369S/US 59S will exit at Exit 219/University and travel the westbound frontage road to University Ave., then take the westbound to eastbound U-Turn bridge to the eastbound frontage road to the I-369/US 59 entrance ramp. Westbound Frontage Road will remain open. This work is expected to be completed in one night. Inclement weather or other unforeseen issues could cause delays or changes in the work schedule.

Work that started April 11 continues: Contractor crews continue working to do maintenance on the eastbound frontage road between Summerhill Road/FM 1397 and Stateline Avenue/US 71. This work will require closing eastbound I-30 Exit 223 (US 71/US 59/State Line Ave.) and various lanes of the frontage road. Motorists needing to access US 71/US 59/State Line will use Exit 222 and travel the frontage road. Access from Fair Oaks Drive to the eastbound frontage road will be closed during the work. This work is expected to take 1-2 weeks. Inclement weather or other unforeseen issues could cause delays or changes in the work schedule.

Motorists are encouraged to watch for traffic control signs and leave time for delays in daily commutes.

TxDOT reminds local commuters that the I-30 Frontage Road system allows traffic to travel eastbound from FM 989/Kings Highway to US 71/Stateline and westbound from US 71/Stateline to FM 989/Kings Highway, continuously, without ever stopping at a traffic signal.

Motorists can check traffic updates by visiting www.drivetexas.org.

We will do our best to keep you updated and informed when there are major changes in the traffic patterns during construction.

Please do your part to keep the traveling public and project workers safe by slowing down and giving 100% of your attention to driving- the task at hand. Encourage your friends and family to do the same.

Drive safely out there!
